# Single Mind

Dot and Clint build a marriage
respecting each other’s privacy.

Seldom speak. Oh, pass a message
along re changed dental appointment
and the like.

A “discussion” as promoted by media
docs? Absurd!

Their sex is quiet too, and grim.

There’s job to do there. Competently.

Oh well! Aren’t you supposed to walk
in someone’s moccasins a mile etc?

They wish you not to bother.

Your very thinking intrudes!

Don’t they have friends?

Not for long.
Family?

Too odd even for them!
